

The best practice system for grease cartridge storage, handling and identification.

GREASE SAFE® is the innovative, professional solution for optimal grease cartridge storage and handling. Simple, reliable and durable, GREASE SAFE improves workplace organization and productivity by making the transportation and storage of both new and used grease cartridges easy, clean and safe.

Innovative, practical and durable, the color coded GREASE SAFE® system:

- Protects grease cartridges from contamination, weather and accidental damage
- Eliminates the frustration of trying to locate grease cartridges when needed
- Enables clean, safe return of used cartridges from site
- Improves OSHA compliance
- Optimizes shelf life with vertical storage
- Minimizes spillage and waste
- Transports cartridges easily on-site and in vehicles, with the purpose built CARTRIDGE CADDY™ 6-pack
- Provides superior work place organization with the wall mounted CARTRIDGE RACK™

Exclusively from Reliability Brands and authorized distributors, the world's only system for complete fluid transfer management.

GREASE SAFE® is part of an innovative portfolio of products that combine to form a revolutionary system for managing lubricants from bulk storage to the point of use.

The fully integrated Reliability Brands product system includes:

Oil Safe®

Label Safe™

Grease Safe®

Grease Safe®

Fully integrated cartridge management — GREASE SAFE® CARTRIDGE PROTECTION TUBE™, CARTRIDGE CADDY™, and CARTRIDGE RACK™ facilitate easy and safe transport of cartridges from vehicles or shop to point of use.

Wall-mounted steel rack is strong and durable — eliminates the frustration of trying to locate grease cartridges when needed.

Color-coded hooks enable easy identification of grease cartridges.

Hang cartridges vertically for optimal shelf life.

Transparent containers support quick identification of contents.

Store up to 12 cartridges per rack.

Tube protects grease cartridge from contamination, weather, and accidental damage.

The CARTRIDGE CADDY™ and Protection Tubes are manufactured from market-leading materials for strength and durability.

Identification label clearly displays cartridge content.

Store and transport as many as 6 cartridges per caddy.

Ability to store and manage cartridges provides superior workplace organization.

CARTRIDGE PROTECTION TUBE

Protects grease cartridges from damage and weather and provides for color coding and safe, clean transport from vehicle or shop to point of use. Comes ex-factory with black hanging hook.

Part No.
Tube 300000

Cartridge Tube Hanging Hook

Enables the color-coded identification of grease cartridges within the protection tubes and provides the ability to hang grease cartridges up for complete organization in the workplace. Select hook colors of your choice to fit your CARTRIDGE PROTECTION TUBE.
